Southern California's Top Doctors

PHYSICIANS TELL US WHICH COLLEAGUES THEY WOULD CHOOSE

Have you ever wondered—who is the “doctor’s doctor”? Wouldn’t it be nice to know which physicians are trusted and sought out by colleagues for medical care? Although being a savvy health care consumer and researcher is a smart idea, the pursuit of such information can prove a daunting task, so Key Professional Media, Inc., a leading researcher and publisher of *Super Doctors*[®], did the work for you.

Key Professional Media, Inc., asked doctors to nominate one or more colleagues (excluding themselves) they would choose in seeking medical care. The *Super Doctors* research team investigated further and searched for exceptional doctors to complement the results. Candidates were evaluated on the indicators of peer recognition, professional achievement and disciplinary history.

Doctors were grouped into 42 specialties. Professionals with the highest scores from each group were invited to serve on a blue ribbon panel and asked to evaluate the candidates in their specialty. Finally, doctors who acquired the highest total points from the surveys, research and blue ribbon panel review were selected for inclusion in *Southern California Super Doctors 2013*.

Of course, no list is perfect. Many qualified doctors who are providing excellent care to their patients are not included on this year’s *Super Doctors* list. However, if you’re looking for exceptional physicians who have earned the confidence and high regard of their peers—you can start your search here.

MOELLEKEN PLASTIC SURGERY

BRENT MOELLEKEN, MD, FACS

Seriously Beautiful Results

Patients who require revisions of facelifts or primary facelifts seek out Dr. Brent Moelleken's expertise. His techniques such as LiveFill® using the patient's own tissue, the short-incision USIC® and LUSIC® cheeklifts, and the NeckLace®—which tightens the neck and sculpts the jawline—enable artful revisional work in the face. The Hybrid Tummy Tuck® is a less invasive technique for fit moms who require a short incision tummy tuck.

With a background in literature, languages, and biology, Dr. Moelleken has studied at Harvard, Yale, UCSF, and UCLA, where he now teaches residents in the plastic surgery program and is an associate clinical professor of plastic surgery. He has received many awards including inclusion in many Top Doctor lists and the Faculty Teaching Award at UCLA.

Dr. Moelleken has appeared on many national television stations and shows including *Extreme Makeover*, *Discovery Health*, *E!*, *Extra*, *CNN*, *Telemundo*, *TLC*, and numerous local television segments.

Dr. Moelleken has published many peer review articles and book chapters, and he lives in Los Angeles with his wife, television personality Dayna Devon, and their two children. The family is very active in charity work, including free surgery for Veterans at the West LA VA, GLEH, and Dr. Moelleken's charity, The About Face Surgical Foundation.
